

Working with Autistic Children

From understanding to supporting autistic students to thrive in the classroom

This training offered by Sandhya Menon, Educational and Developmental Autistic Psychologist, helps support educators to understand the inner workings of the autistic mind, including their stressors and challenges as well as strengths. Topics include:

- Understanding autism from an affirming perspective
- What is natural autistic communication and social drive?
- Autistic Supports in the Classroom
- Recognising distress behaviours
- Responding to distress behaviours

This 3 hour training session includes both presentation, opportunity for practice and for educators to bring their own experience and ask questions.

Investment: \$800 (Zoom)
\$1000 (In-person)

This presentation can be organised by contacting Sandhya on smenon@onwardsandupwardspsychology.com.au to work towards a suitable date for your organisation. These presentations are usually run on a Friday or in the school holidays. Thank you kindly for considering upskilling your educators and ensuring better educational and mental health outcomes for our autistic students.
